BOPP Paper Lamination

ZISTA Group

www.plastic-iran.com

A hand is holding a white laminated checklist card. The card has the text "Quality Control Checklist" and "Part Number 30980901" printed on it. A teal rounded rectangle is overlaid on the card, containing the text "Paper Lamination". Below this, four more teal rounded rectangles are arranged horizontally, each containing a different lamination type: "Transparent", "Matt", "Metalized", and "Colorful Metalized".

Paper Lamination

Transparent

Matt

Metalized

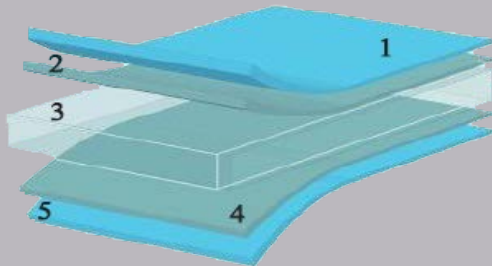

Colorful Metalized

Paper Lamination

Transparent + 2 Sides Treated

APPLICATION:

Glossy lamination film for carton and paper, having a good antistatic to prevent dust accumulation on film surface.

1. Treated Layer
2. OPP Layer
3. Transparent OPP Layer
4. OPP Layer
5. Treated Layer

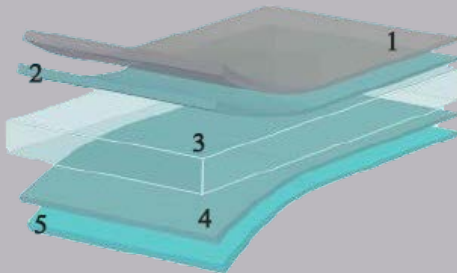

Specification	Unit	Value	
Thickness	μm	12	15
Yield	m^2/Kg	91.6	73.2
Unit Weight	g/m^2	10.9	13.7

Paper Lamination

Matt + 2 Sides Treated

APPLICATION:

Matt print lamination film. It can be laminated to paper, board, BOPP, PET and other substrates. Matt finish layer gives a non-reflective surface.

1. Treated Matt Layer
2. OPP Layer
3. Transparent OPP Layer
4. OPP Layer
5. Treated Glossy Layer

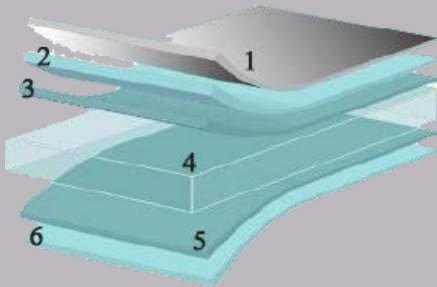

Specification	Unit	Value	
Thickness	μm	15	20
Yield	m^2/Kg	77.5	58.1
Unit Weight	g/m^2	12.9	17.2

Paper Lamination

Metalized + 2 Sides Treated

APPLICATION:

Decorative packaging like gift and flower wrapping, carton and paper lamination with-metallic effect.

1. Aluminum Metallized Layer
2. Treated OPP Layer
3. OPP Layer
4. Transparent OPP Layer
5. OPP Layer
6. Treated OPP Layer

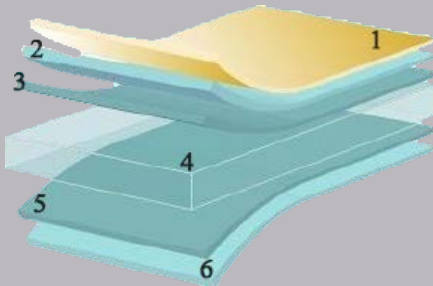

Specification	Unit	Value	
Thickness	μm	15	20
Yield	m^2/Kg	73.2	54.9
Unit Weight	g/m^2	13.7	18.2

Paper Lamination

Golden Metalized + 2 Sides Treated

APPLICATION:

Decorative packaging like gift and flower wrapping, carton and paper lamination, etc.

1. Golden Metallized Layer
2. Treated OPP Layer
3. OPP Layer
4. Transparent OPP Layer
5. OPP Layer
6. Treated OPP Layer

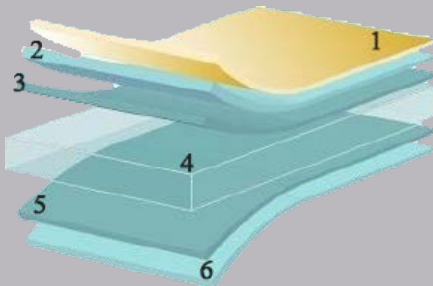

Specification	Unit	Value	
Thickness	μm	15	20
Yield	m^2/Kg	73.2	54.9
Unit Weight	g/m^2	13.7	18.2

Paper Lamination

Matt Golden Metalized + 2 Sides Treated

APPLICATION:

Decorative packaging like gift and flower wrapping, carton and paper lamination, etc.

1. Golden Metallized Layer
2. Treated OPP Layer
3. OPP Layer
4. Transparent OPP Layer
5. OPP Layer
6. Treated Matt OPP Layer
